

FEI™ WORLD CHAMPIONSHIPS PRATONI - ROMA 2022

Newsletter #1 - September 28, 2021

**JUST A YEAR TO GO FOR THE FEI WORLD CHAMPIONSHIPS 2022 IN ITALY.
FANTASTIC VENUE FOR EVENTING AND DRIVING AT PRATONI DEL VIVARO (ROCCA DI PAPA-ROME)**

After 24 years Italy will now return to be 'caput mundi' in the International Equestrian Federation's calendar for 2022, organising the FEI World Championships for two equestrian disciplines.

13TH - 25TH SEPTEMBER 2022

The FEI Eventing World Championship (13/18 September) and the FEI Driving World Championships (21/25 September) will be held at Pratoni del Vivaro - Centro Equestre Ranieri Campello, the famous equestrian centre close to Rome in the municipality of Rocca di Papa, while the Endurance World Championship will be held in the Venetian countryside of Isola della Scala, Verona (on October 22nd).

The dream of hosting this event, which alongside the Olympic Games shares the role of being the most important in the international world of equestrian sports, came true at the end of 2019.

It was then that the International Equestrian Federation (FEI) chose the qualified candidature presented by the Italian Equestrian Sports Federation (FISE) among those sent to compete for the organisation of these three championships. Approval for the events to be held at the Ranieri Campello Equestrian Centre at Pratoni del Vivaro was the first to come and very quickly followed by that for Isola della Scala, decreeing the total success of FISE's candidatures.

A GREAT TEAM FOR A GREAT EVENT

The Organising Committee has been at work for months preparing an event announced as unforgettable, just like the 1998 FEI World Equestrian Games™ held in Rome, the 1960 Olympics Games and the many World and European events that have made Pratoni del Vivaro one of the world's most famous multi-disciplinary equestrian facilities. **CLICK HERE FOR MORE INFO** <https://pratoni2022.it/en/pratoni-del-vivaro>

The Italian Equestrian Sports Federation, in cooperation with the FEI, is totally committed to the organisation of this project also backed by 'Sport e Salute', the organiser of the most important sporting events held in Italy.

During the summer, which is now drawing to an end, the pool of technical advisors and heads of departments within the Organising Committee started to work intensely. Those responsible for different sectors, logistics, technical aspects, marketing, the media, etc, are busy planning and preparing for these Championships.

Sleeves are rolled up and the goals are important !! It will be an unforgettable world championship!

THE PASSING OF THE BATON FROM WEG TO WEC. ROME IS ALREADY HISTORY

The equestrian centre situated in the Castelli Romani, famous for its natural setting and the quality of the ground and sports infrastructure, was one of the strong points in the unanimous consensus obtained in 1998 when Rome hosted the FEI World Equestrian Games™, the Olympics of equestrian sports.

It was a programme that involved three sporting locations with the Flaminio Stadium in the city centre (show jumping and dressage) and separate locations in Manziana – Tenuta Santa Barbara (vaulting) and Pratoni del Vivaro (eventing and driving), that marked one of the most beautiful of the eight editions of the WEGs held over a period of 28 years. That was how long the important history of the FEI World Equestrian Games lasted writing significant pages in the Hall of Fame of equestrian sports.

After Tryon 2018 (USA), the FEI decided to divide the programme of events and the WEG became the WEC (World Equestrian Championships). The other disciplines, show jumping, dressage, para-dressage and vaulting will be held in Denmark from August 6th to August 14th.
